My dear "Miss Luby"

Thanks for your
letter. I'm glad everything
is almost straightened out -
I note I owe you \$419.97.

\$400 is for the Nov 4 invoice
but please tell me what the
\$19.97 is for so that I can
send you my check and

clear up this small difference.

I will be in St Louis
in April when I intend to go
to an auction in Los Angeles -
All is well here - I hear
from Mary regularly -

Excuse the short note
but my secretary is away

Sincerely

Mr. H.M.F. Schulman
543 Fifth Avenue
New York, N.Y.

Dear Mr. Schulman:

Glad to get your little note today and the only thing I can tell you about your account is that from the various invoices the coins you bought amounted to the following:

Check received 12/30/47	\$1593.62	
	534.65	
	<u>\$1057.65</u>	
" " from Mr. Holzer	638.00	
	<u>\$ 419.97</u>	Bal. due

The odd amount is due to the fact that you were given various different discounts on each invoice. This is all I can tell you but I am sure it is correct.

Nice that you hear from Mary regularly. I wrote to her myself today although I really had little to tell her. Think she likes to hear every now and then anyway. We are glad to know that you will be here in April.

With best regards,

Sincerely yours,

My Dear Eric -

It was so nice to hear
from you. Jim must have felt
Mary and I talked about you
the other day in the telephone -
Mary will send in the list
of the which I'll send to you
to do - I'll leave for New York
again about next 1st - and I
may have to leave things about
Mary. She'll be in approximately
mid or for early February.
So you can feel happy, love -
I love all there is on earth
about in the place. Love and

You know I wish I did do
something for both things -
But I will not feel happy until -
I'm writing you from home where
I have not been for days & weeks -

Leonard writes me he will let me
know soon on his arrival date - He wants
to tell you personally what he plans
to do - As he knew he was coming over,
he felt no necessity to tell me -

The Papal matter should clear
up soon -
Would love to have the 4 direct 1500 for
my Italian trip -

There is the family -

Excuse the hand writing as
I am writing you from home.

Yours

Dear Mr. Schulman:

Thank you for your remittance of \$2500.00 as part payment on the invoices which are outstanding for the coins as listed by you in your letter of June 17th. On the invoice of March 13th coin #34-36 are listed as totaling \$225.00. Is this supposed to be coin numbers 34 and 35? If this is supposed to include the coins #34, 35 and 36 the total should be \$240.00 and \$35.00 would still be due us.

We also note that you took a further discount of 20% on the Denmark coin listed at \$400.00 on our invoice of November although this coin was billed to you net. However, because of the satisfactory sales of the material which you had, we are willing that you take the discount on this item. We would appreciate it very much if you could remit the balance shortly.

Dear Hans:

I had a very pleasant vacation in California and now can settle down to a little work again.

With respect to your letter of August 26th - I note that you are leaving for Europe in October and I presume you will be able to speak to Leonard about the fact that we would like some action through the Continent as no doubt he is now in a position to do so.

What in particular do you have in mind with respect to taking coins to Europe and will you have to get an export permit to do so? If you will give me some idea of what you think you can dispose of on this trip, I will try to get out the material for you. I thought you would be able to come to St. Louis but in view of the fact that that will be difficult, I am sure we can handle the matter by mail. If you can handle some of the rarities I want you to feel free to suggest prices which you think will move them. I refer to the French triple teston of Francis I. and other items about which there is complication.

I hope your new home is coming along nicely and that you will be able to retire yourself, your family and your business to the country very shortly.

Sincerely yours,

WFM:JB

P.S. Thanks for your remittance of \$14.00 and this balances everything to date with the coins returned except your last invoice of June 28, 1948.

Here at the convention, I found things quite lively but with a steady drop in prices.

As I will be leaving for Europe again in October, I would like to take certain coins of yours along.

Reminding you that you would like me to handle all your foreign on consignment, I think the time has come to make some shipments of the material.

It will be difficult to come out to St. Louis now as my secretary is just going on vacation.

Hoping you and your family are well, I am with kind regards

Yours sincerely,

Dear Mr. Schulman:

Mr. Newman dictated a letter to me today that we were going to send you in regard to the coins you said you were returning but since he dictated it, your coins have been received and as soon as I have time I will check them off and credit you with the various coins returned. I just returned from a vacation out West this morning and have been extremely busy all day as you might know. We received your letter of August 26th today also and I will give it to Mr. Newman as soon as I see him. Will let you know about both matters just as soon as possible.

With best regards,

Sincerely -

Dear Eric,

Thanks a lot for yours of the 1st. inst.

As far as the time element is concerned I could probably squeeze out 2 or 3 days at the end of the month to come and see you, especially if Mary is in town, but I believe it would be a much better idea to gather all the foreign coins together and make an inventory of it and ship it down. It would take quite some time for Miss Luby, I believe, to invoice it all and my visiting you would not help it much.

As to my trip there are few items I would take along as I do not believe in carrying too great a value with me to Europe; but some ~~ix~~ items could be useful. However if they do not reach me before october 10 which is my departure date I could always handle it by mail later. Those items of which I believe the prices are too high I would mention to you as sales come along. What is the use of reducing items until I see a possible sale?

What are your views on the above?

My home is coming along but I started with an immense flood ... 6 feet of it and I thought of the Mississippi and St. Louis.

Excuse the typing-- my secretary being sick.

yours as ever

Hans

Mr. H.M.F. Schullman

Dear Hans:

I believe it would be best if any coins which are turned over in large quantities to you on consignment would be done after those coins are distributed to the beneficiaries of the estate. Since a short further delay would not interfere with your trip to Europe, I prefer that you let us know exactly what you might wish to take to Europe so that we can forward it to you.

Mary plans to be in St. Louis about October 1st but from your letter I imagine there is no real necessity of your coming out here.

I want to make a correction in the postscript of our letter to you on September 1st, 1948. There are two of our invoices open namely, those of June 25 and 28th, 1948.

I imagine you will speak to Leonard and as I suggested in my previous letter to you, I think you should have him arrange to reduce his account with us.

On thinking the matter over further, I think it will be better if we make an inventory at the end of this year of all foreign coins on hand and that will be useful in connection with our tax problems as well as a possible sales list for you. I will discuss this with Mary when I see her but in the meantime, you may wish to take certain of our coins to Europe.

With kindest regards and best wishes,

Sincerely yours,

Dear Eric:

Thanks so much for your letter of the 8th. Really there is not much I could use for Europe except rare Italian gold including rare Papal (even if returned before). As to rare French gold and silver that may work out to. All other material would not be suitable for my trip.

I agree with you to wait turning over the merchandise as a whole consignment until you have completed your books and inventory and to thus start this January 49.

Your correction that two invoices were open was noted before. I just did not feel it important to even mention.

I will certainly discuss matters with Leonard; you can rely upon that.

Dear Mr. Schulman:

We note from your letter of December 7th that you "are paying for the following coins". However there was no check sent in the letter. We note that you are buying \$298.50 from the June 24th invoice and \$68.50 from the June 28th invoice.

We are in the midst of taking inventory and would appreciate receiving the coins not sold at the earliest possible moment.

Dear Hans:

Thank you for your letter from Paris. You certainly are a gay bird.

The coins of the estate have been distributed to Mrs. A.V. Sheffield, 361 Clinton Ave., Apt. 9-F, Brooklyn, New York and to Mary Cruzan. Mrs. Sheffield, I believe, will either contact you or you may contact her as she probably intends to make an arrangement to dispose of her coins. Mary Cruzan is expecting to go to Okinawa at any time and I do not believe she plans to do anything with her coins for the present.

The foreign coins which were in the upstairs safe, other than the crowns, are here in St. Louis and if you are interested in buying them in one group that can be arranged.

In your letter you indicated that you have made a payment of \$342.00 and a payment of \$293.60 on the coins invoiced to you under date of June 25th and June 28th. We have received the \$293.60 payment but we find no record of the \$342.00 payment. Could you please ascertain whether or not this payment was made as you indicated in your letter that we were supposed to have received it and we assume that there was some delay.

I am looking forward to seeing you at the earliest opportunity and was interested in your statement that Leonard would come over to this country shortly.

Good luck and best wishes,

Sincerely yours,

EPH:JB

Dear Hans:

I am pleased that Mary Sheffield has contacted you and that you will be able to dispose of some of her coins. Similarly Mary Cruzan will, I am sure, make some arrangements for you to sell some of her material. I have recommended you highly to both of them and do not want you to give anything but the best service.

Incidentally, you indicated that Leonard Forrer might be coming over to this country in January. This happens to be January and we have not heard from him. I would like to receive a report from you as to what you found out about what Leonard is going to do in his dealings with us. Will you take time out and do that?

As soon as it is convenient, you may further report on the Papal coins as sent to you in June.

If your European market is going so well, are you interested in a nice item from Massacarrara?

You indicated that you would like the 1588

do you think you could get for it, and what
do you think would be fair for you? Pieces
from this state are apparently excessively
rare, and I have not looked it up in King

Dear Hans:

Thank you for your letter of February 21, 1949 in which you endeavored to straighten out the invoices of June 25 and June 28, 1948. I know you are trying to leave for Europe, but I would very much appreciate it if you could straighten out these invoices before you leave.

As I wrote you on December 28, 1948, you are under the impression that you paid \$342.00 for items 1, 8, 20, 21, 23, 30 and 35 listed on the June 25 invoice, and items 7, 10, 17, 18, 19 and 25 of the June 28 invoice. This payment was never made, so far as we know. Your payments of \$293.60 in December, 1948 on these two invoices and your checks of \$70.00 and \$6.00 enclosed in your letter of February 21, 1949 complete these invoices if you had paid the \$342.00 which, you are under the impression, has been paid. Therefore, please send a check for \$342.00 and these invoices will be disposed of.

We thoroughly enjoyed Leonard's short visit, and no doubt you have seen him again since then.

The very best of luck to you in Europe, and if you happen to be at the Sorbonne I recommend a short course in bookkeeping.

Sincerely yours,

Incidentally, I am very much worried about not hearing from Leonard. Do you know what the situation is? I have not heard from him since early last fall and have written him, asking him just to drop me a line. I even had Mary do the same. As I believe I told you, there is a substantial quantity of merchandise which Leonard has had for a long time, and I had hoped that it would all be cleared up by now. I knew he was having a problem with Basmadjieff, but whatever his problems are I assumed he would write something -- even just to say "hello." I would very much appreciate it if you could give me a report on the situation.

Dear Hans:

You asked me to be more specific about the questions I wanted you to ask Leonard when you visited London. My principal questions are: Why has he not written? and Why has he not made a further effort to straighten out the open accounts?

On an invoice of coins dated 8/22/45, totaling \$13,207.50, Leonard indicates that he has disposed of \$8,635 worth over the past several years. The balance of the coins are still in his possession, some, however, having been returned. There is an invoice of July 29, 1947 on which \$1,248.50 is due, and apparently Leonard has sold all of these coins. There is another invoice of July 29, 1947 on which \$71.55 is due. There is an invoice of July 30, 1947 on which \$2,628 is due. There are books which were sent to Adolph Hess in August of 1949, pursuant to Leonard's request, for which there is due \$514.60.

Leonard is entitled to a credit for certain expenses of mine in coming to London to discuss these matters last year. At that time I went over his situation with his accountant and endeavored to help him in the collection of one large delinquent account. There are some other matters between Leonard and the estate which are not important for your purpose.

I do not like to burden you with the problems involved, but feel that I should receive information. Will you, therefore, let me know what you are able to find out.

Just as Mr. Johnson helped you when you first got started in America by giving you large quantities of consigned material, Mr. Johnson wanted to get Leonard started also and keep him supplied until he could get on his feet. For that reason we similarly assisted Leonard even after Mr. Johnson's death.

We look forward to seeing you and Antoinette at the earliest possible time, and hope you have had a pleasant European excursion. With our best to both of you.

Dear Hans:

As you instructed me, I wrote to you at the Mayfair Hotel in London, England, but unfortunately the letter was not delivered to you and was returned to me. Since I am most anxious to find out what is going on with Leonard I merely wanted to get a report as soon as you returned.

Sincerely,

Thanks for your note from Barcelona

As to Leonard he owes both the Estate
+ myself a substantial amount + I do not
believe the details are necessary for you to know
at this time. I originally wrote more details
but it may be that he resents you knowing his
problems. It is too much for me to understand
why he has not written me and I want you to
see that he does if possible.

You certainly have had a long trip
and I hope quite successful as the coin

Dear Miss Alexander:

I have been corresponding with Hans in Europe and understand that he has not as yet returned. I know that his wife enjoys traveling around Europe considerably, and as Hans may have told you last year my wife and I had a lot of fun with them in Paris.

My brother-in-law, Julian Edison, came in to see you with respect to my interest in acquiring lot No. 1413, Great Britain 18th Century copper, 107 pieces, at the Stack sale on Saturday afternoon, September 23, 1950. He indicated that you were kind enough to consent to go over and bid this lot in for me. Lot No. 1413 is in the Third Session of the sale, and the Third Session begins at 2 P.M. Actually I do not believe the lot should sell for more than about \$10 to \$15 but, as you indicated to Julian Edison, it might run \$25 to \$30. In any event, buy it for me as I don't believe there is another person in the United States who is as interested in it as I am. If for any reason you are unable to go you should advise Mr. John J. Ford, Jr., 15 Aldin Lane, Island Trees, Hicksville, Long Island, New York, who has advised me that he will bid for me if I desire it. Otherwise tell someone else who is going to the sale to buy this in for me. I don't know why I make such a fuss over this lot, but it will give me a lot of pleasure to be able to study it.

As an emergency feature I am sending you a bid sheet in the name of Sidney Levinson, a friend of mine in St. Louis, just in case something happens.

You have no idea how much I will appreciate your cooperation, as the war of nerves in dealing with Stacks is too complex for us western boys.

With best wishes.

Sincerely yours,

EPNewman/mw

Dear Hans:

Believe it or not - the rough letter which I wrote to Leonard had results and in order to protect you I am not sending you a copy but merely quoting a paragraph in the letter which refers to you and which I presume he intended to get back to you:

"Further, although I am on excellent terms with Hans Schulman I do not discuss my financial affairs - except in quite general terms - with him nor do I think you would wish me to."

I am sure that your goading of Leonard was helpful in getting this reply. I presume that something will come out of it as he recognizes his obligation to us and indicates that he is going to straighten it out in the not distant future.

Best regards for the Holidays to you and Antoinette from Evelyn and I.

Dear Hans:

Although Leonard indicated that he was going to start paying in March of this year, I have had no communication from him this year and I am wondering whether you have had communications. I also wonder whether Raymond has received any payments on the account due him. I am ready to write to Leonard and merely wanted to check with you before I did.

You had previously indicated that Leonard was planning to come to America for your last big sale and I am wondering whether he did come.

Dear Hans:

I just came back from Europe recently and besides having an invoice of yours which I have neglected, I wish to report that I saw Leonard and made some progress with him and expect to make substantial further progress. It seems to me that in view of foreign exchange controls people have just become more and more slippery and Leonard has just fallen into the habit of becoming deceptive.

I visited Amsterdam and stayed at the Amstel Hotel where I had stayed some 25 years ago. Although the Five Flies Restaurant was wonderful, I did go to see Jacque Schulman's establishment and he had quite a good deal of stock. He was not in town at the time.

The next time I have a chance to get to New York I will come and see you but it will not be during the convention.

Kindest regards to you and Antoinette.

It's always a pleasure to hear from you, and I hope very much to have the opportunity to see you on your next visit to New York.

I have been harrassed by certain people, about whom you have certain opinions, and the best way to react to them was to go on a crusade and become a "knight in armor". In a way, I hate to spend the time on it, but some things are necessary in life.

Please do give me a ring on your next visit. Love to Evelyn.

Dear Hans:

Your most friendly letter is at hand and it will be nice to spend some time with you on one of our New York visits.

I am delighted that you have decided to become a Knight in Armor. The problem is whether you will charge into the fray or use the armor to conceal yourself in. Are you sure you are not just a "high charger"?

We certainly understand the problems with which you are confronted and the effort by many to sidestep the matter. We have been going through this for several years. We are not on a crusade, we are only interested in facts about coins.

Have you resigned from PNG, as Grover Griswell and others did, or are you tolerating the action by some of their members in refusing to let the public have the facts which they know?

Our recent letter to you requested the information on counterfeits and that seems to have been forgotten in the course of your very friendly reply.

Dear Hans:

In the International Bank Note Society's 10th Anniversary number of September, 1970, you are listed as the author of the article entitled "American Colonial and Revolutionary War Banknotes". As you know, I happen to write on that subject and, therefore, combed through your article to find what new thoughts might have been expressed.

On page 34 it states that there is a tobacco leaf design on the back of the \$5 Continental Currency. I would like to know where this information came from.

I would also appreciate it if you would give me the citation of the comment of Benjamin Franklin beginning with the words "The currency as we manage it". All I need is the section or date of his autobiography in which that comment is made as I assume it comes from that source.

I am sending you an extra copy of this letter so that if your co-author dug up these particular items you can send the extra copy to him.

Kindest personal regards.

Sincerely yours,

Dear Hans:

Thank you, very much, for sending me lots 1063 and 1070. They are returned herewith. I will give you a bid on them, in due course, but it is not going to be very exciting as the condition of the pieces is generally terrible.

I am enclosing a card for a reservation for the St. Louis convention, if you are now in a position to go.

I definitely look forward to seeing you in New York, at an early time, with Evelyn, so that all of us can have a little fun diverted from the chaos of numismatics.

Cordially yours,

Dear Hans:

I see you are moving and I want to wish you bigger and better things at your bigger and better location.

You can save me a great deal of time if you would be nice enough to send me a photocopy of page 4 of your conclusions reached on the appraisal of the foreign coins of the Lilly Collection. I am enclosing for your convenience the title page and pages 3 and 5. All I need is page 4. Will you be nice enough to cooperate.

Kindest regards,

Eric P. Newman

Dear Hans:

Tomorrow I will attend a "coin grading" gathering in New York to attempt to help work out standards. It is going to be quite a lively session with about 25 people present. There will be differences of opinion galore. Kosoff will be there.

In your card you asked whether Abe ever answered me about my request for a page of your Lilly appraisal. Here is his answer:

"Re: Hans and the Lilly Report - I don't have a copy of Hans' report. I question that even the Smithsonian has a copy. Only Hans and the Trustee would have copies. As I recall it, I preferred to have my own appraisal report stand by itself and I filed it with the Trustee."

It so happens that Smithsonian had a copy for years and when they were concerned about my getting it they sent it to the Trustee and thus removed it from their files. The Trustee did not answer my letters. Smithsonian was sent a new copy of the report by Ted Buttrey for their files but it was missing the portion I asked you for. I only need one page of your statement (p. 4) to complete my copy. You will have to find me your copy somehow. Please.

You told me that Abe had a copy of your report. I don't understand why Abe says what he said unless he also sent his copy of your report to the Trustee or destroyed it.

As to Zita's shoe needs, I can write Mario Cidon, our Spanish agent, but I have no idea how this is handled so she gets what she wants. If you write me her American size, I will see what Cidon suggests.

Please keep smiling and don't acquire a Spanish temperament. Evelyn joins me in sending you and Zita our best.

Cordially,

Eric P. Newman

Dear Eric:

The enclosed copy of a letter to Margo explains in full an answer to yours of Dec 24, 1981. I think the photo(copies) of the early paper money ... all ... of ...
Just back as they are real sizes.

We are going to stay here till early december, after which we'll spend a few months in the good old USA.

I saw good pictures of you in "Coin World". You look very well.

When you get to N.Y. after Dec. 5 give us a call (212. 787. 3659)
It would be nice to meet and have an old fashioned chat.

Be well.

My dear Margo:

It is seven months ago that we were together in Colorado Springs. Soon it will be January 1983 when I'll see you again in person.

I have now checked about the sizes of the early Louisiana paper money. The photocopies you have, Margo, are the only ones I could get. I cannot get other photos and besides there are the real sizes. Can you send Eric the photo(copies) of the article?

It is impossible to get another set of photo(copies) without spending time in Sevilla, a long drive from Alicante !!! and very difficult to get anything out of the archives. We would have to stay several days in Sevilla.

I hope that all is well with you and your family. Our love.
Hans + Lita.

Dear Hans:

It was delightful as always hearing from you.

Evelyn and I appreciate your greetings and look forward to the renewal of our friendship at any time we can get together. Evelyn is in business and I see by the stationery that Zita is also in business.

Marian Archibald, Assistant Keeper of the British Museum, is visiting my coin museum this afternoon in St. Louis.

As to the interesting pictures which you sent to Margo from the Archives, I am satisfied that your pictures are smaller than the original items, but I realize how much of a nuisance it would be for you to have to determine these sizes by making another trip. I believe I will have the pictures enlarged somewhat and publish them accordingly. Perhaps, however, you have a location in the archives as to where these items are and if I could find someone else to look at them, that might solve the problem.

I am certainly pleased that you continue to come to America each year and still remain an internationalist so as to be able to solve all problems of all people.

Our best wishes,

Eric P. Newman

Dear Eric:

It requires at least a
few "dates" at the Archives in Sevilla
to find the proper pages of the
historical documents. I discussed this
with a Spanish families with the
archives who was going to Sevilla for
a numismatic symposium. He told
me that he did not have neither the
time, nor could communicate the
exact location. Distances are large;
Sevilla is 8 to 9 hours drive from us
and 6 to 7 from Madrid.
We'll be home Dec 5. if all goes
planned. I wish you both a happy
Eas-mitzvah with your granddaughters.
Very
s
Hans.

Dear Hans:

I received the notice of your new affiliation and I am delighted to have the opportunity to contact you.

Our paths in numismatics have both continued, but separately, and I am sure that our travels around the world have been continuing but on different routings.

Please put me on your catalogue list.

I do wish our paths would cross again. Evelyn joins me in sending you and your wife our very best wishes.

Sincerely,
